HOW TO SAVE A DOCUMENT

Step 1 - when observation is complete

Step 2 - select box with arrow in upper right corner

Step 3 - click on box with arrow, drop down menu will appear, select Save a Copy
Step 4 - click on X in top box, name document - Last Name, First Name, Date, Type of Form, Title ex: Brown, Suzy 10-8-13, Narrative Form or Observation Checklist, MT or FI

Step 5 - select Document Folder
Step 6- when you select Documents Folder, a drop down menu will appear, select folder by tapping on it, where you want to save document, then tap on Done, the file name will appear in the Document Box

Step 7- If this document is complete and you do not want to make any further changes, select file type- Flattened Document
Step 8- Check to make sure that the name of the document is correct, you have selected the file where the document is to be saved, select File Type, finally select Done.

Step 9- To use the original document again you need to clear it CAUTION MAKE SURE THAT YOU HAVE SAVED OR EMAILED THE DOCUMENT BEFORE YOU CLEAR IT.
