

Application for Admission to the Elementary Mathematics Teaching Major

Intended for Fall 2018 Applicants Applying for Admission in Spring 2019

Admission to the elementary mathematics teaching major is limited and requires a special application. To be considered for admission to the elementary math major, you must complete this form, attach the required transcripts, and submit those materials in 134 Erickson Hall before 5:00 PM on Friday, December 14, 2018.

You will receive your decision about admission to the teacher preparation program before spring break. However, you will be notified about your admission *to the math major* before spring semester classes begin so you can make changes to your SS19 course schedule accordingly. Because decisions about admission to the math major are made early, applicants who do not submit the supplemental application and transcripts before 5:00 PM on Friday, December 14 cannot be considered for immediate admission to the elementary math teaching major.

//////////

Name: _____

Date: _____

PID: _____

Email: _____

Are you applying to accelerate your program? To be eligible to accelerate, you must have earned at least 56 credits before the beginning of FS18, be able to finish all requirements by the end of US20 and submit an Acceleration Grid that has been signed by your advisor before 5:00 PM on Friday, December 14, 2018.

Are you applying to accelerate your teacher preparation program? Yes No

Anticipated Internship Year: 2020-2021

 2021-2022

 Other (must explain):

Are you a member of the Honors College? Yes No

Did you receive credit for AP Math classes? Yes No
(If yes, indicate which)

- Calculus AB
- Calculus BC
- Statistics

Please list the math courses you have taken since high school. Please provide the course number and name (e.g., MTH 132, Calculus I), the institution at which you took the course (e.g., MSU, LCC, etc.) and the semester in which you took the course (e.g., FS18). You must also provide a transcript for non-MSU courses (unofficial transcripts are acceptable).

Course number	MSU equivalent	Institution	Semester	Grade
e.g., <i>MATH 151</i>	<i>MTH 132</i>	<i>LCC</i>	<i>FS12</i>	<i>4.0</i>
