MICHIGAN STATE UNIVERSITY

Supporting Early-Career Teachers  
of Science through Urban Partnerships

**Interested?**

Call Dr. Gail  
Richmond, Dept. of  
Teacher Education,  
at 517-432-4854 or  
[gailr@msu.edu](mailto:gailr@msu.edu).

**NOYCE Fellows put their science knowledge to work for the students who need it most. Features of the program include:**

- Fellowship covers in-state tuition and annual salary supplement for each of the first four years of teaching
- Admission to a combined teacher certification and master's degree program in education
- Clinical preparation in high-need secondary school
- Support and mentoring throughout the four-year teaching commitment
- Lifelong membership in a national network of NOYCE Fellows and Scholars, who are leaders in education fields.

As part of their commitment to ensure the success of students in high-need secondary schools, NOYCE Fellows teach a minimum of four years in a high-need school.
