Application for Admission to the Elementary Mathematics Teaching Major

Intended for Fall 2017 Applicants Applying for Admission in Spring 2018

Admission to the elementary mathematics teaching major is limited and requires a special application. To be considered for admission to the elementary math major, you must complete this form, attach the required transcripts, and submit those materials in 134 Erickson Hall before 5:00 PM on Friday, December 15, 2017.

You will receive your decision about admission to the teacher preparation program before spring break. However, you will be notified about your admission to the math major before spring semester classes begin so you can make changes to your SS17 course schedule accordingly. Because these decisions about admission to the math major are made early, applicants who do not submit the supplemental application and transcripts before 5:00 PM on Friday, December 15 cannot be considered for immediate admission to the elementary math teaching major.

Name: ______________________________

Date: ______________________________

PID: ________________________________

Email: ______________________________

Are you applying to accelerate your program? To be eligible to accelerate, you must have earned at least 56 credits before the beginning of FS17, be able to finish all requirements by the end of US19, and submit an Acceleration Grid that has been signed by your advisor before 5:00 PM on Friday, December 15, 2017.

Are you applying to accelerate your teacher preparation program? Yes No

Anticipated Internship Year: 2019-2020 2020-2021 Other (must explain):
Are you a member of the Honors College? Yes  No

Did you receive credit for AP Math classes? Yes  No
(If yes, indicate which)

- Calculus AB
- Calculus BC
- Statistics

Please list the math courses you have taken since high school. Please provide the course number and name (e.g., MTH 132, Calculus I), the institution at which you took the course (e.g., MSU, LCC, etc.), and the semester in which you took the course (e.g., FS16). You must also provide a transcript for courses taken elsewhere (unofficial transcripts are acceptable).
